NOODLE**

From the team behind Bon Pan Asian comes a brand new concept:

Naked Noodle

The authentic noodles are made from the finest Italian noodle flour, while only the freshest local beef and chicken is used for the slow-cooked broth. All dishes are then prepared using the most advanced technologies from Japan.

The concept has been extended to incorporate exquisite sushi and sashimi, again using the finest and freshest local ingredients available.

A true mixture of the best of East and West.

Following on the success of our first Naked Noodle site in Liverpool, we are now seeking further sites in London, Birmingham and Manchester:

- > A3 units
- > 2,000 – 4,000 sq ft
- > Ideally with extract in place
- > Market rents
- > New leases but may consider nominal premiums for the right unit
